S&P Global Inc., Bangalore, India
Phone: (+91) 7501-923-251 | Email: koushikkhan38@gmail.com | LinkedIn: koushikkhan

SKILLS

LANGUAGE
- R
- Python
- Shell Scripting
- Julia (learning for personal projects)

ML & DL ALGO. USED
- Regression Techniques
- Classification
- Marketing Mix Modeling
- Forecasting with LSTM
- Tree Based Modeling
- Text Mining and NLP

FRAMEWORKS & TOOLS
- Linux with AWS
- Docker for deployment
- Dashboard with R Shiny
- PySpark
- MySQL, MongoDB - used on need basis

PERSONAL PROJECTS
- Personal GitHub Page
- Forecasting with LSTM
- Gradient Descent from Scratch
- Deployment of an ML Toy App
- Automate the Linux Setup
- OOP Using R

EDUCATION

M.SC, STATISTICS
Visva Bharati University
June 2015 | West Bengal, India
Thesis: Joint Modeling of Longitudinal and Time to Event Data
CGPA: 8.43

B.SC, STATISTICS
Visva Bharati University
June 2013 | West Bengal, India
Graduated with Honors
CGPA: 8.26

CERTIFICATIONS
- Microsoft Certified: Azure Data Scientist Associate
- Microsoft Certified: Azure AI Fundamentals
- Microsoft Certified: Azure Fundamentals

EXPERIENCE

S&P GLOBAL COMMODITY INSIGHTS | Sr. Data Scientist
Jan 2023 – Present | Bangalore, India
- Post merger, the roles and responsibilities are almost same
- Working closely with back-end team
  - Maintaining AWS cloud setup for the team
  - Mentoring other teams on need basis

IHS MARKIT | Sr. Data Scientist
Aug 2021 – Dec 2022 | Bangalore, India

- Working with Shipping Data on a daily basis
  - Managing a separate team for external data acquisition
  - Maintaining the internal framework for better performance
  - Communicating issues and other KPIs with the stakeholders
  - Guiding the development of data acquisition pipelines & other development activities
  - Performing post-preparation quality checks on data
  - Developing automation tools/models on need basis to support data pipelines
  - Analysis of mainstream shipping data - cargo grade analysis, volume analysis etc.
  - Addressing client queries with adhoc analysis

IBM | Data Scientist
Oct 2016 – July 2021 | Bangalore, India

- Automated Ticket Classification System using ML
- Optimization of ROI on Advertisement Spend Investment
- Marketing Mix Modeling
- Information Retrieval System

BCAUSE ENTERPRISE PVT. LTD. | Junior Data Analyst
Oct 2015 – Aug 2016 | Noida

- Developing a simulator to calculate likelihood of packet flow through different channels in an electronic device
- Working with the database team for database maintenance and adhoc analyses
- Developing NLP based tool to identify root cause of customer tickets
